Overview

Shopify is a platform offering the tools needed to grow your business. Merchants can sell anything, anywhere - digital products, physical products, services, and subscriptions. This includes selling through a fully customizable website, social media, and online marketplaces (ie. Amazon), and also through retail experiences (ie. farmers' markets, pop-up shops, and permanent storefronts)

Key Features:

- Premade store theme templates that help you customize the look and feel of your store without having to know how to code
- Built-in payment processing to accept credit cards and other forms of payment
- Free and paid apps from the Shopify app store to expand the functionality of your store
- Growth opportunities with Shopify sales channels
- Built-in SEO and marketing features
- A dedicated Shopify support team available 24/7 to answer your questions

Plans and Pricing

Shopify allows all users to begin with a 14-day free trial.

	BASIC PLAN	SHOPIFY PLAN	ADVANCED PLAN
Tailored To	New e-commerce businesses with occasional in-person sales.	Growing businesses selling online or in-store.	Scaling businesses that require advanced reporting.

Learn more about Shopify Plans and Pricing.

Alternative Plan Options:

- SHOPIFY LITE PLAN ($9 USD/Month)
    - Tailored for merchants who are looking to sell in-person (via POS lite) or add a buy button to their existing website. With Shopify Lite, you get features to view reports, issue gift cards, and split bills, among others. There is no online store with Shopify Lite.
- SHOPIFY PLUS PLAN ($2,000 USD/Month)
    - Tailored for well established businesses that generate over $1 million in revenue.

The Ontario Chamber of Commerce's CDAP Shopify Offer:

- $150 in Shopify App Store credit
- 20% off point-of-sale hardware at the Shopify Hardware Store
- Free access to an exclusive 6-week growth program

Please click here when signing up for your Shopify account to receive the OCC CDAP offer.

Shipping

Shipping Options:
There are 3 options: shipping, local delivery, and local pickup. Shopify allows store owners to ship goods from multiple locations. Depending on your Shopify plan, you can ship from up to 20 different locations.

Shipping Strategies:

- Pay by weight: the shipping rate is calculated based on the weight of the order.
- Flat shipping rates: charge a fixed shipping amount at checkout, this can be done for any order or changed for different regions.
- Combined shipping rates: pay by weight and fixed rates can be combined in one order to give the customer a final shipping price.
- Third party calculated shipping rates: you can display calculated rates to your customers using Shopify's shipping carrier accounts (Canada Post, UPS etc.)
- Shipping zones should also be considered, the cost of shipping can be changed for various locations and regions.

Learn more about E-Commerce Shipping Solutions.

Additional Shipping Resources:

- Adding Locations
- Return Labels
- Shopify Shipping Carriers
- Flat Rate Shipping
- Calculated Shipping Rates
- Local Pick Up

Payments

Receiving your first sale on your Shopify website-based shop is a milestone and a big step for your business. To receive the payment, you need to set up your payment providers.

How to Setup Payment Provider:

A payment provider is a system that allows customers to purchase from you using their preferred payment method.

There are many third-party providers that merchants can use to accept payments

- Credit cards (choose from over 100 credit card payment providers)
- PayPal
- Apple Pay
- Google Pay
- Accelerated checkout (saves returning customers' information for a faster checkout)

Additional Payment Resources:

- Getting Paid
- Setting Up Shopify Payments
- Setting Up Paypal
- Setting Up Accelerated Checkouts (Shop Pay/Apple Pay/Google Pay/Facebook Pay/Amazon Pay)
- Testing Shopify Payments

Building Your Shopify Store

Create Your Online Store:

- Start a Shopify trial and ensure you are set as the Account Owner
- Add a password protection page to ensure store is hidden until ready to launch
- Choose a theme
- Customize theme (text, images, etc.)
- Add products
- Organize products into collections
- Customize menu and navigation
- Add in legal business name and address
- Set up Shopify Payments or third-party payment gateway
- Set up default weight unit for store listings
- Set up shipping settings
- Set up local pickup and delivery if necessary
- Set up custom domain
- Set up a Contact Us and About Us page
- Set up policies: Legal pages have been written and added to navigation (privacy policy, shipping policy, and terms and conditions)
- Ensure checkout has been configured
- Add any necessary apps needed for store
- Ensure Favicon has been added
- Define homepage metadata

Preview, Testing & Launching Your Website:

- Run through online store and compile feedback
- Complete site testing, including successful and failed transactions, refunding and canceling orders, fulfilling and partially fulfilling orders, and archiving successful orders
- Learn about Shopify's fraud Analysis settings and consider setting up fraud prevention
- Once you have completed your site review and testing, disable 'test mode' to give customers access to your store
